Griggsville-Perry School District #4 Student Handbook 2023-2024

Vandalism – Vandalism will result in cancellation of privileges and other disciplinary action. Vandalism is defined as any malicious attempt to harm or destroy data of another user, the Internet, or any other network. Telephone Charges – The District assumes no responsibility for any unauthorized charges or fees, including telephone charges, texting or data use charges, long-distance charges, per-minute surcharges, and/or equipment or line costs.

Copyright Web Publishing Rules – Copyright law and District policy prohibit the re-publishing of text or graphics found on the Internet or on District websites or file servers/cloud storage without explicit written permission.

1. For each re-publication (on a website or file server) of a graphic or a text file that was produced externally, there must be a notice at the bottom of the page crediting the original producer and noting how and when permission was granted. If possible, the notice should also include the web address of the original source.
2. Students engaged in producing web pages must provide library media specialists with email or hard copy permissions before the web pages are published. Printed evidence of the status of *public domain* documents must be provided.
3. The absence of a copyright notice may not be interpreted as permission to copy the materials. Only the copyright owner may provide the permission. The manager of the website displaying the material may not be considered a source of permission.
4. The *fair use* rules governing student reports in classrooms are less stringent and permit limited use of graphics and text.
5. Student work may only be published if there is written permission from both the parent/guardian and student.

Use of Email – The District’s email system, and its constituent software, hardware, and data files, are owned and controlled by the District. The District provides email to aid students in fulfilling their duties and responsibilities, and as an education tool.

1. The District reserves the right to access and disclose the contents of any account on its system, without prior notice or permission from the account’s user. Unauthorized access by any student to an email account is strictly prohibited.
2. Each person should use the same degree of care in drafting an email message as would be put into a written memorandum or document. Nothing should be transmitted in an email message that would be inappropriate in a letter or memorandum.
3. Electronic messages transmitted via the District’s Internet gateway carry with them an identification of the user’s Internet *domain*. This domain is a registered name and identifies the author as being with the District. Great care should be taken, therefore, in the composition of such messages and how such messages might reflect on the name and reputation of the District. Users will be held personally responsible for the content of any and all email messages transmitted to external recipients.
4. Any message received from an unknown sender via the Internet, such as spam or potential phishing emails, should either be immediately deleted or forwarded to the system administrator. Downloading any file attached to any Internet-based message is prohibited unless the user is certain of that message’s authenticity and the nature of the file so transmitted.
5. Use of the District’s email system constitutes consent to these regulations.

Internet Safety

Internet access is limited to only those *acceptable uses* as detailed in these procedures. Internet safety is supported if users will not engage in *unacceptable uses*, as detailed in these procedures, and otherwise follow these procedures.

Griggsville-Perry School District #4 Student Handbook 2023-2024

Staff members will supervise students while students are using District Internet access to ensure that the students abide by the *Terms and Conditions* for Internet access contained in these procedures.

Each District computer with Internet access has a filtering device that blocks entry to visual depictions that are: (1) obscene, (2) pornographic, or (3) harmful or inappropriate for students, as defined by the Children's Internet Protection Act and as determined by the Superintendent or designee.

The system administrator and Building Principals shall monitor student Internet access.

Access to Classroom for Special Education Observation or Evaluation

The parent/guardian of a student receiving special education services, or being evaluated for eligibility, is afforded reasonable access to education facilities, personnel, classrooms, and buildings. This same right of access is afforded to an independent educational evaluator or a qualified professional retained by or on behalf of a parent or child. For further information, please contact the school principal.

Access to Student Social Networking Passwords & Websites

School officials may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates a school disciplinary rule or policy. In the course of an investigation, the student may be required to share the content that is reported in order to allow school officials to make a factual determination.

Accidents and Injuries

Any accident at school should be reported immediately to the teacher in charge. The teacher/school nurse will see that first aid is given if necessary, and an Accident Report will be filled out. In order for student insurance to pay, the injuries must be reported immediately.

Accommodating Individuals with Disabilities

Individuals with disabilities will be provided an opportunity to participate in all school-sponsored services, programs, or activities. Individuals with disabilities should notify the superintendent or building principal if they have a disability that will require special assistance or services and, if so, what services are required. This notification should occur as far in advance as possible of the school-sponsored function, program, or meeting.

Accreditation

The Griggsville-Perry Unit School District is a member of the North Central Association of Colleges and Secondary schools and is recognized by the Illinois State Board of Education, Public School Approval Section. This recognition gives our graduates the privilege of entering any college or university, provided they have taken the high school subjects, which are required by the University or College for admission.

Animals on School Property

In order to assure student health and safety, animals are not allowed on school property, except in the case of a service animal accompanying a student or other individual with a documented disability. The building principals in the case of an educational opportunity may temporarily waive this rule for students, if (a) the animal is appropriately housed, humanely cared for, and properly handled, and (b) students will not be exposed to a dangerous animal or an unhealthy environment.

Asbestos

A copy of the asbestos management plan is available for your inspection in our administrative offices during regular business hours. The superintendent is the Asbestos Program Manager and all inquiries regarding the plan should be directed to the superintendent's office. They have developed an asbestos management plan for our facilities, which includes: this notification letter, education and training of our employees, and a set of plans and procedures designated to minimize the disturbance of the asbestos-containing materials, and plans for regular surveillance of the

Griggsville-Perry School District #4 Student Handbook 2023-2024

asbestos-containing materials. We have begun implementing the asbestos management plan. We are intent on not only complying with, but also exceeding federal, state, and local regulations in this area. We plan to take whatever steps are necessary to insure your children and our employees have a healthy, safe environment in which to learn and work.

Athletic & Non-Athletic Eligibility, Including Extracurricular Activities Code of Conduct

This Extracurricular and Athletic Activities Code of Conduct applies, where applicable, to all school-sponsored athletic and extracurricular activities that are not part of an academic class nor otherwise carry credit for a grade.

Participation in athletics is a privilege. Those who participate in athletics have a responsibility to favorably represent the school and community. Student athletes are expected to conduct themselves both in and out of school in a manner appropriate to their responsibilities as representatives of the school and district. If a student fails to comply with the terms of this code, the privilege to participate in athletics may be lost in accordance with the terms of this Athletic Code.

Requirements for Participation in Athletic Activities

A student must meet all academic eligibility requirements and have the following fully executed documents on file in the school office before being allowed to participate in any athletic activity:

1. A current certificate of physical fitness issued by a licensed physician, an advanced practice nurse or physician assistant. The preferred certificate of physical fitness is the Illinois High School Association's "Pre-Participation Physical Examination Form."
2. A permission slip to participate in the specific athletic activity signed by the student's parent/guardian.
3. Proof the student is covered by medical insurance.
4. A signed agreement by the student not to ingest or otherwise use any drugs on the IHSA's most current banned substance list (without a written prescription and medical documentation provided by a licensed physician who performed an evaluation for a legitimate medical condition) and a signed agreement by the student and the student's parent/guardian agreeing to IHSA's Performance-Enhancing Substance Testing Program.

Junior High eligibility does not transfer with a student to the high school level.

Illinois High School Association/Illinois Elementary School Association

In the case of a conflict between IHSA/IESA and this Code, the most stringent rule will be enforced.

Drug and Alcohol Testing Program

The School District maintains an extracurricular and athletic drug and alcohol testing program in order to foster the health, safety, and welfare of its students. Participation in extracurricular and athletic activities is a privilege and participants need to be exemplars. The program promotes healthy and drug-free participation.

Each student and his or her parent/guardian must consent to random drug and alcohol testing in order to participate in any extracurricular or athletic activity. Failure to sign the School District's "Random Drug and Alcohol Testing Consent" form will result in non-participation.

If a test is positive, the student may not participate in extracurricular or athletic activities until after a follow-up test is requested by the building principal or designee and the results are reported. The building principal or designee will request a follow-up test after such an interval of time that the substance previously found would normally be eliminated from the body. If this follow-up test is negative, the student will be allowed to resume participation in extracurricular and athletic activities. If a positive result is obtained from the follow-up test, or any later test, the same previous procedure shall be followed.

No student shall be expelled or suspended from school as a result of any verified positive test conducted under this program other than when independent reasonable suspicion of drug and/or alcohol usage exists. This program does not affect the School District policies, practices, or rights to search or test any student who at the time exhibits cause for reasonable suspicion of drug and/or alcohol use.

Modification of Athletic or Team Uniform

Students may modify their athletic or team uniform for the purpose of modesty in clothing or attire that is in accordance with the requirements of the student's religion or the student's cultural values or modesty preferences.

Drugs, Alcohol and Tobacco

Except with the respect to prescription drugs used by the person for whom such drugs were prescribed in the manner intended by the prescribing medical doctor, the possession, use, distribution, purchase or sale of any alcoholic beverage, drug, drug paraphernalia, controlled substance, look alike, tobacco or tobacco product or any other substance which, when taken into the human body is intended to alter mood or mental state, including any item or substance which is represented by a student to be, or is believed by a student to be any of the foregoing, regardless of the true nature or appearance of the substance, is prohibited in school buildings, on school buses and on all other school property or school related events at any time. This prohibition shall include all school sponsored or school related activities, whether held before or after school, evenings or weekends and shall additionally include a

prohibition of use by a student athlete in any instance where the school can demonstrate a reasonable connection to the school program or school athletic program. For purposes of this procedure, students who are under the influence of prohibited substances shall be treated in the same manner as though they had prohibited substances in their possession.

Rules in Effect

The rules set forth in this Athletic Code are in effect throughout the school year from the first practice session for any particular sport during a particular school term until the last day of that sport or until the last day of the school term whichever comes later and twenty-four hours a day, whether or not school is in session and including vacation periods, and holidays. The rules apply on and off campus and whether or not the misconduct occurs at school or a school-sponsored activity or in some other locale. The rules apply to an athlete from the beginning of the athlete's first tryout or practice in the first sport the athlete attempts until the completion of the school year or the completion of the athlete's season whichever comes later.

Annual Report Card

Each year, the District is required to disseminate an annual report card that includes information on the District as a whole and each school served by the District, with aggregate and disaggregated information for each required subgroup of students including: student achievement on academic assessments (designated by category), graduation rates, district performance, teacher qualifications, and certain other information required by federal law. When available, this information will be placed on the District's website at www.griggsvilleperry.org.

Absences/Tardy

Illinois law requires that whoever has custody or control of any child between six (by September 1st) and seventeen years of age shall assure that the child attends school in the district in which he or she resides, during the entire time school is in session (unless the child has already graduated high school). Illinois law also requires that whoever has custody or control of a child who is enrolled in the school, regardless of the child's age, shall assure that the child attends school during the entire time school is in session.

Subject to specific requirements in State law, the following children are not required to attend public school: (1) any child attending a private school (including a home school) or parochial school, (2) any child who is physically or mentally unable to attend school (including a pregnant student suffering medical complications as certified by her physician), (3) any child lawfully and necessarily employed, (4) any child over 12 and under 14 years of age while in confirmation classes, (5) any child absent because of religious reasons, including to observe a religious holiday, for religious instruction, or because his or her religion forbids secular activity on a particular day(s) or time of day, and (6) any child 16 years of age or older who is employed and is enrolled in a graduation incentives program.

For students who are required to attend school there are two types of absences: excused and unexcused. Excused absences include: illness (including up to 5 days per school year for mental or behavioral health of the student), observance of a religious holiday or event, death in the immediate family, family emergency, situations beyond the control of the student as determined by the school board, circumstances that cause reasonable concern to the parent/guardian for the student's mental, emotional, or physical health or safety, attending a military honors funeral to sound TAPS, attend a civic event, or other reason as approved by the building principal. Students eligible to vote are also excused for up to two hours to vote in a primary, special, or general election.

Additionally, a student will be excused for up to 5 days in cases where the student's parent/guardian is an active-duty member of the uniformed services and has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat-support postings. The Board of Education, in its discretion, may excuse a student for additional days relative to such leave or deployment. A student and the student's parent/guardian are responsible for obtaining assignments from the student's teachers prior to any excused absences and for ensuring that such assignments are completed by the student prior to his or her return to school.

Griggsville-Perry School District #4 Student Handbook 2023-2024

A student will be allowed to take up to 5 mental health days per school year. A student's parent/guardian must call and notify the office of this specific absence. Students will be referred for a mental health counseling sessions upon their second mental health day per school year. Mental health days 3-5 will require students to receive mental services provided by school counselors or referral to outside services.

All other absences are considered unexcused. Pre-arranged excused absences must be approved by the building principal.

The school may require documentation explaining the reason for the student's absence.

In the event of any absence, the student's parent/guardian is required to call the school at 217-833-2352 (Elementary and High School) or 217-261-9161 (Middle School) before 8:30 a.m. to explain the reason for the absence. If a call has not been made to the school by 10:00 a.m. on the day of a student's absence, a school official will call the home to inquire why the student is not at school. If the parent/guardian cannot be contacted, the student will be required to submit a signed note from the parent/guardian explaining the reason for the absence. Failure to do so shall result in an unexcused absence. Upon request of the parent/guardian, the reason for an absence will be kept confidential.

Students are allowed 4 day/occurrences of absence per semester for which illness can be excused with a parent phone call and/or note. If a student reaches four parent contact absences (a partial day occurrence or full day occurrence will both be counted for the purposes of personal illness/parent contact days as 1 day of absence), all subsequent absences without a doctor's medical excuse will be considered as unexcused.

If a student is sent home by the District Nurse/School, the absence will not be counted towards the 4 days of parent excusals.

Medically excused absences will not be counted toward attendance limits. In order for an absence to be medically excused, the parent/legal guardian must provide the school with a written doctor's excuse signed by the doctor or nurse practitioner within 48 hours of the student's return (weekend days excluded), with the date(s) of absence listed. Absences for doctor visits for parents, siblings or other relatives will be unexcused unless prior approval from the building administrator is received.

A student is considered tardy after the 8:30 a.m. bell rings. All tardy students must report to the office for an admittance slip. Five (5) start-of-day tardies will result in one unexcused absence day. This day will only be counted towards truancy counts.

A report of start-of-day tardies will be run at the conclusion of each week by school administration. High school students who accumulate 3 start of day tardies will be issued an after-school detention.

Awarding Credit – High School

Students are awarded credit for successful completion of courses. ½ credit is awarded for each passed semester. High school students who fail during the school year must repeat the failed semester(s) in order to get credit. John Wood Community College (JWCC) offers a summer school for students. It is generally based on class standing (junior, senior, etc.). JWCC also offers classes during the school year. Several other options are available. Accredited online classes can be accepted for credit recovery. See the guidance counselor if further information is needed.

Fines for loss or damage to school property are waived for students who meet certain eligibility guidelines.

Bus Transportation

The district provides bus transportation to and from school for all students living 1.5 miles or more from the school. A list of bus stops will be published at the beginning of the school year before student registration. Parents must, at the beginning of the school year, select one bus stop at which a student is to be picked up, and one stop at which a student is to be dropped off. Students are not permitted to ride a bus other than the bus to which they are assigned. The building principal must approve exceptions in advance.

While students are on the bus, they are under the supervision of the bus driver. In most cases, the bus driver can handle bus discipline problems. In the case of a written disciplinary referral, student bus problems will be investigated and handled by the building principal.

In the interest of the student's safety and in compliance with State law, students are also expected to observe the following:

1. Dress properly for the weather. Make sure all drawstrings, ties, straps, etc. on all clothing, backpacks, and other items, are shortened or removed to lessen the likelihood of them getting caught in bus doors, railings or aisles.

Griggsville-Perry School District #4 Student Handbook 2023-2024

11. Never run back to the bus, even if you dropped or forgot something.

Video and audio cameras may be active on busses to record student conduct and may be used for the purposes of investigation into misconduct or accidents on the bus.

For questions or concerns regarding school transportation issues, contact the building principal at (217) 833-2352 for the elementary and high school or (217) 236-9161 for the middle school.

An excuse based on religious reasons must include a signed statement from a member of the clergy that corroborates the religious reason for the request.

A student in grades 7-8 may submit a written request to the building principal requesting to be excused from physical education courses because of the student's ongoing participation in an interscholastic or extracurricular athletic program. The building principal will evaluate requests on a case-by-case basis.

Students with an Individualized Education Program may also be excused from physical education courses for reasons deemed necessary by the student's IEP team.

Special activities in physical education will be provided for a student who's physical or emotional condition, as determined by a person licensed under the Medical Practices Act, prevents his or her participation in the physical education course.

State law prohibits the School District from honoring parental excuses based upon a student's participation in athletic training, activities, or competitions conducted outside the auspices of the School District.

Students who have been excused from physical education shall return to the course as soon as practical. The following considerations will be used to determine when a student shall return to a physical education course.

Students with an Individualized Education Program may also be excused from physical education courses for reasons stated in Handbook Procedure

Special activities in physical education will be provided for a student who's physical or emotional condition, as determined by a person licensed under the Medical Practices Act, prevents his or her participation in the physical education course.

State law prohibits the School District from honoring parental excuses based upon a student's participation in athletic training, activities, or competitions conducted outside the auspices of the School District.

Students who have been excused from physical education shall return to the course as soon as practical. The following considerations will be used to determine when a student shall return to a physical education course:

1. The time of year when the student's participation ceases;
2. The student's class schedule; and
3. The student's future or planned additional participation in activities qualifying for substitutions for physical education, as outlined above or in Handbook Procedures.

Field Trips

Field trips are a privilege for students. Students must abide by all school policies during transportation and during field trip activities, and shall treat field trip locations as though they are school grounds. Failure to abide by school rules and/or location rules during a field trip may subject the student to discipline. Fines, Fees & Charges; Waiver of Student Fees

The school establishes fees and charges to fund certain school activities. Some students may be unable to pay these fees. Students will not be denied educational services or academic credit due to the inability of their parents or guardian to pay fees or certain charges. Students whose parent or guardian is unable to afford student fees may receive a fee waiver. A fee waiver does not exempt a student from charges for lost and damaged books, locks, materials, supplies and/or chrome books, iPads, technology equipment.

Griggsville-Perry School District #4 Student Handbook 2023-2024

Applications for fee waivers may be submitted by a parent or guardian of a student who has been assessed a fee. A student is eligible for a fee waiver if at least one of the following prerequisites is met:

1. The student currently lives in a household that meets free lunch or breakfast eligibility guidelines established by the federal government pursuant to the National School Lunch Act; or
2. The student or student's family is currently receiving aid under Article IV of the Illinois Public Aid Code (Aid to Families of Dependent Children).

The building principal will give additional consideration where one or more of the following factors are present:

- An illness in the family;
- Unusual expenses such as fire, flood, storm damage, etc.,
- Unemployment
- Emergency situations; or
- When one or more of the parents/guardians are involved in a work stoppage.

The building principal will notify the parent/guardian promptly as to whether the fee waiver request has been granted or denied. Questions regarding the fee waiver application process should be addressed to the building principal.

Pursuant to the Hunger-Free Student's Bill of Rights Act, the school is required to provide a federally reimbursable meal or snack to a student who requests one, regardless of whether the student has the ability to pay for the meal or snack or owes money for earlier meals or snacks. Students may not be provided with an alternative meal or snack and the school is prohibited from publicly identifying or stigmatizing a student who cannot pay for or owes money for a meal or snack.

Money should not be collected for any purpose without approval of the principal. Gifts for departing students, sponsors, coaches, etc. must be approved before any collections are permitted. All money to be collected for any purpose must go through the office personnel for the issue of a receipt. No coaches, students, or personnel with the exception of the appropriate office personnel shall collect or otherwise handle any money directly paid from students or parents.

Food Allergies

State law requires our school district to annually inform parents of students with life-threatening allergies or life-threatening chronic illnesses of the applicable provisions of Section 504 of the Rehabilitation Act of 1973 and other applicable federal statutes, state statutes, federal regulations, and state rules.

If your student has a life-threatening allergy or life-threatening chronic illness, please notify the building principal at (217) 833-2352 (Elementary/High School) or (217) 236-9161 (Middle School).

Federal law protects students from discrimination due to a disability that substantially limits major life activity. If your student has a qualifying disability, an individualized Section 504 Plan will be developed and implemented to provide the needed support so that your student can access his or her education as effectively as students without disabilities can.

Not all students with life-threatening allergies and life-threatening chronic illnesses may be eligible under Section 504. Our school district also may be able to appropriately meet a student's needs through other means.

Fund Raising (High School)

During the year, classes and clubs often participate in fundraising activities, which enable them to sponsor the Junior-Senior Prom or go on various trips. Students who refuse to participate in class fund raising activities will be ineligible to attend the Senior Trip unless they pay their "fair share." This amount is determined by the class officers and Sponsor and approved by the administration.

Griggsville-Perry School District #4 Student Handbook 2023-2024

Grading & Promotion

School report cards are issued to students on a quarterly basis. For questions regarding grades, please contact the classroom teacher.

The decision to promote a student to the next grade level is based on successful completion of the curriculum, attendance, performance on standardized tests and other testing. Final promotion/retention decisions are at the discretion of administration.

Graduation Behavior

It is the philosophy of the Board of Education that the 8th grade graduation and the high school commencement exercises be ceremonies of dignity and respect. Students may choose not to participate if they feel that these guidelines cannot be followed. Students who choose to participate should realize that the ceremony is a school function and that all school policies apply. The following procedures and rules apply to said ceremony:

1. The attire of graduates worn under gowns is to be proper and appropriate and shall follow the school dress code.
2. The high school principal will arrange for music for both the processional and recessional of graduates.
3. Candidates for graduation are required to display respect toward all presenters/speakers participating in the commencement program.
4. The use of all types of firecrackers, mechanical noisemakers, and all other types of paraphernalia commonly associated with spontaneous celebrations is prohibited during the ceremony.

2. Entering the sixth and ninth grades; and
3. Enrolling in an Illinois school for the first time, regardless of the student's grade.

A diabetes screening must be included as part of the health exam (though diabetes testing is not required). Students between the age of one and seven must provide a statement from a physician assuring that the student was "risk-assessed" or screened for lead poisoning. An age-appropriate developmental screening and an age-appropriate social and emotional screening are required parts of each health examination.

Failure to comply with the above requirements by October 15 of the current school year will result in the student's exclusion from school until the required health forms are presented to the school, subject to certain exceptions. A student will not be excluded from school due to his or her parent/guardian's failure to obtain a developmental screening or a social and emotional screening.

New students who register mid-term have 30 days following registration to comply with the health examination and immunization requirements. If a medical reason prevents a student from receiving a required immunization by October 15, the student must present, by October 15, an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by an appropriate medical professional.

Eye Examination

All students entering kindergarten, entering school for the first time or entering an Illinois school for the first time must present proof by October 15 of the current school year of an eye examination performed within one year. Failure to present proof by October 15, allows the school to hold the student's report card until the student presents: (1) proof of a completed eye examination, or (2) that an eye examination will take place within 60 days after October 15.

Griggsville-Perry School District #4 Student Handbook 2023-2024

Students should come dressed to spend 15 minutes outside (including boots). Written excuses for absences and tardiness are required.

Lockers

Each pupil has been assigned a locker without cost (unless damaged) where all belongings are to be kept. Lockers are to be kept locked at all times to protect property. Middle School students (5th – 6th) will be assigned a locker with a lock. It is suggested that 7th and 8th grade students provide their own locks for the hall locker. Students must keep valuables in lockers. The school will have little sympathy with lost property that was made readily accessible. Students should not bring large sums of money to school. Lockers are the property of the school district, which reserves the right to search all lockers at any time with/without the students' knowledge and/or presence. All lockers must be kept neat and orderly enough that the locker door can be kept closed when not accessed by the student.

Griggsville-Perry School District #4 Student Handbook 2023-2024

Students may self-administer (but not possess on their person) other medications required under a qualified plan, provided the student's parent/guardian has completed and signed a School Medication Authorization Form.

Consent to use one of the above-mentioned names or logos will generally be granted if the organization or club has by-laws containing the following:

The Board's legal obligation to comply with Title IX by providing equal athletic opportunity for members of both genders will supersede an organization or club's recommendation.

Permission to use one of the above-mentioned names or logos may be rescinded at any time and does not constitute permission to act as the District's representative. At no time does the District accept responsibility for the actions of any parent organization or booster club regardless of whether it was recognized and/or permitted to use any of the above-mentioned names or logos. The Superintendent shall designate an administrative staff member to serve as the recognized liaison to parent organizations or booster clubs. The liaison will serve as a resource person and provide information about school programs, resources, policies, problems, concerns, and emerging issues. Building staff will be encouraged to participate in the organizations.

Parent Responsibility Law

The Illinois Parental Responsibility Law provides a civil remedy to school districts, teachers, and students who suffer property damage or physical injury because of willful or malicious acts of minors (those under 18). Under this statute, a parent does not have to be proven guilty of a negligent or willful act in failing to restrain the child in order to be held financially responsible for the damage caused by the child.

Parental Involvement Compact (Title 1)

The school annually has a meeting for all Parents/Guardians, which takes place during open house, each fall.

At the meeting, the school will discuss parental involvement, and opportunities for Parents/Guardians to get involved in the education of their children. Parents/Guardians are encouraged to attend the meeting and participate in the discussions that occur. Parents/Guardians should use the meeting as an opportunity to ask questions, make suggestions, and learn about all of the opportunities and programming available for Parents/Guardians to be fully involved in the educational process.

The school and its teachers provide meetings, including parent/teacher conferences, at flexible times to accommodate a variety of parent schedules. Parents/Guardians will be given notice of meeting availability at the beginning of each year, and at least two weeks before conferences or other regularly scheduled meetings, to provide sufficient opportunity to schedule and attend meetings with teachers. Additionally, teachers are available regularly to meet with parents/guardians to discuss the success of their child. Parents/Guardians are encouraged to inquire about available meeting times, and to work with teachers. Parents/Guardians will be involved in an organized and timely way when any programs are created, considered, or altered, and will be continually involved in the ongoing development of programming, curriculum, and policy.

The school provides Parents/Guardians with access to:

1. school performance profiles required by Federal law and their child's individual student assessment results, including an interpretation of such results;
2. a description and explanation of the curriculum in use at the school, the forms of assessment used to measure student progress, and the proficiency levels students are expected to meet;
3. opportunities for regular meetings to formulate suggestions, share experiences with other Parents/Guardians, and participate as appropriate in decisions relating to the education of their children if such Parents/Guardians so desire; and
4. Timely responses to suggestions.

Everyone is responsible for the success of the students of the school. While the school provides the best education we can, it is critical to the success of students that parents assist us in meeting the goals of education set forth by the state, the federal government and ourselves.

Griggsville-Perry School District #4 Student Handbook 2023-2024

In order to better assist in educating the students, we need the help of all parents and guardians. We ask that you help us educate children by monitoring attendance, homework completion, and television watching; by volunteering in your child's classroom; and participating, as appropriate, in decisions relating to the education of children and positive use of extracurricular time.

The school endeavors to do its best to provide all information in the language best understood by parents and guardians. Questions about language alternatives should be directed to Jeff Abell at (217) 833-2352.

Parents/Guardians of participating children have a right to appeal the contents of this policy. The district will submit any parent comments when this plan is submitted to the State. Any questions or concerns should be directed to Jeff Abell at (217) 833-2352.

The state's resources on parental involvement can be located at <http://illinoisparents.org/>. The state's website on parental involvement provides information, training, and support for parents and schools on various websites, which may be useful or interesting to parents and students, and provides advice and information about how to get involved and participate in the educational process. Resources are provided by search, by county, and by categorical query.

Parking (High School)

Students may park their vehicles in the lot designated for students and located at the south side of the high school between the hours of 8:00 a.m. and 4:00 p.m. Vehicles must be parked straight, and must be driven under the speed limit of 10 miles per hour while in the lot. Vehicles should be driven safely and must yield to pedestrians. Vehicles parked outside painted lines or designated parking spots may be ticketed or towed at the discretion of the school, at the vehicle owner's expense. Students caught driving recklessly in the parking lot may be subject to disciplinary action. Students are not allowed to go to or be in any cars/vehicles during school hours without permission of the administration.

The lots designated on the southwest side of the high school and in front of the high school/elementary are for school staff, personnel, and others designated by administration. These lots MAY NOT be used by students at any time. Student vehicles parked in these lots may be ticketed or towed at the discretion of administration.

The school is not responsible for student vehicles, any possessions left in them, or anything attached to the vehicles. STUDENTS PARK THEIR VEHICLES ON OR NEAR SCHOOL PROPERTY AT THEIR OWN RISK. Students should be aware their vehicles are not protected in any way while in the parking lot, and items of value should not be left in or near the vehicle while unattended.

Students have no reasonable expectation of privacy in cars parked on school grounds. Contraband dogs, administration, and police officers regularly search school lots. Students should be aware that items and spaces on school grounds are subject to search and view by others, and that prohibited items discovered during the course of a search may result in discipline, including, but not limited to, expulsion from school.

Vehicles MAY NOT be parked or located in the bus lanes or fire lanes at ANY TIME. Bus lanes and fire lanes are clearly marked. Vehicles located in these locations may be ticketed and/or towed by the police.

Video cameras may be active in parking lots and may be used for the purposes of investigation into student misconduct. Discipline for misconduct includes all disciplinary measures in the student discipline code and/or withdrawal of parking privileges.

Parking (K-8)

The school has locations in front of the school available for school visitor parking.

Griggsville-Perry School District #4 Student Handbook 2023-2024

Those dropping off and picking up children may do so in designated car rider pickup lines between 8:00 – 8:30 a.m. and 3:15 – 3:30 p.m.

Vehicles may not be parked or located in the bus lanes or fire lanes at ANY TIME. Bus lanes and fire lanes are clearly marked. Vehicles located in these locations may be ticketed and/or towed by the police.

3. Tell others your locker combination.
4. Leave clothing, books, and other equipment in any open area unattended.

Physical Education

Physical Education consists of individual as well as team sports. Excuses should be brought from the doctor if the child is to be excused from PE. Girls and boys, grades K-4 must wear tennis shoes. Shoes worn during PE may not be the same ones that are worn as street shoes. Some of the typical activities that are offered are rhythms of various kinds, movement experience, soccer, body mechanics, and a variety of recreational games. Grades are given at the end of each nine weeks. Students 6 – 12 must wear PE shorts and shirt and have a pair of gym shoes that are not worn as street shoes. Students in grade 5 do not dress out but must have a pair of gym shoes that are strictly for PE. It is suggested that students write their names across the back of PE shirts to avoid misplaced uniforms.

Boots or other shoes (flip flops, sandals, etc.) deemed unacceptable by administrators or supervisors may not be worn on the gym floor during recess times.

Prevention of and Response to Bullying, Intimidation and Harassment

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate.

Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important district and school goals.

Bullying on the basis of actual or perceived race, color, national origin, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the

Griggsville-Perry School District #4 Student Handbook 2023-2024

aforementioned actual or perceived characteristics, or any other distinguishing characteristic is **prohibited** in each of the following situations:

1. During any school-sponsored education program or activity.

4. Through the transmission of information from a computer that is accessed at a non-school-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school.

Bullying includes cyber-bullying and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property;
2. Causing a substantially detrimental effect on the student's or students' physical or mental health;
3. Substantially interfering with the student's or students' academic performance; or

Cyberbullying includes the creation of a webpage or weblog in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content or messages if the creation or impersonation creates any of the effects enumerated in the definition of bullying. Cyberbullying also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons if the distribution or posting creates any of the effects enumerated in the definition of bullying.

Examples of prohibited conduct include name-calling, using derogatory slurs, stalking, sexual violence, causing psychological harm, threatening or causing physical harm, threatened or actual destruction of property, or wearing or possessing items depicting or implying hatred or prejudice of one of the characteristics stated above.

Students are encouraged to immediately report bullying. A report may be made orally or in writing to the building principal, nondiscrimination coordinator, district complaint manager or any staff member with whom the student is comfortable speaking. All school staff members are available for help with a bully or to make a report about bullying. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the district complaint manager or any staff member. Anonymous reports are also accepted by phone call or in writing.

A reprisal or retaliation against any person who reports an act of bullying is prohibited. A student's act of reprisal or retaliation will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

A student will not be punished for reporting bullying or supplying information, even if the school's investigation concludes that no bullying occurred. However, knowingly making a false accusation or providing knowingly false information will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

Parent(s)/guardian(s) and students who desire more information or who want a copy of the District's policy may contact the Building Principal.

Proof of Residency

Griggsville-Perry Unit School students must show legal residency within the Griggsville-Perry Unit School District or pay tuition. Tuition for the 2023-2024 school year will be determined after the audit has been completed. It will be no less than \$10,000.00.

In accordance with state guidelines, Griggsville-Perry Unit School has adopted the following student residency policy.

Regular Education Students

Griggsville-Perry School District #4 Student Handbook 2023-2024

In addition to satisfying all other requirements for enrollment, a student desiring to attend Griggsville-Perry Community Unit School District #4 must be a legal resident of the school district. The residence of the student parents/guardian is deemed the residence of the student.

For purposes of this section, legal custody is defined to mean:

1. Custody exercised by a natural or adoptive parent with whom the student resides;
2. Custody awarded by a court to a person with whom the student resides;
3. Custody exercised pursuant to a statutory short term guardianship; provided, however, that within 60 days of the student's enrollment, the court awards permanent guardianship and custody to a person with whom the student resides; custody exercised-by adult caretaker relative or the student who receives aid under the Illinois Public Aid Code for the student residing with the adult caretaker relative; and
4. Custody exercised by an adult who demonstrates that he has assumed, exercises legal responsibility for the student, and provides a regular fixed nighttime abode.

Special Education Students

The residence status of special education students desiring to enroll in the school district will be determined as follows:

The residence of the parent/guardian is the school residence when:

1. The parent is the legal guardian and resides in Illinois;
2. The court appointed legal guardian resides in Illinois;
3. An Illinois public agency is the legal guardian of the student and the student resides in the parent's home or in the same school district as the parent;
4. Parents retain legal guardianship, but a court orders a residential placement;
5. If parents are separated or divorced and when only one parent has legal guardianship or custody, the school district in which the parent having legal guardianship or custody resides in is the resident district. When both parents retain legal guardianship or custody, the resident district is the district in which either parent who provides the student's primary regular fixed nighttime abode resides; if the election of resident district may be made only one time per school year.
6. If the parent/guardian lives outside of Illinois, that parent/guardian must pay the school district for the educational services.

The residence of the student is the school district of residence when:

1. Parent has legal guardianship but the parent's location is unknown;
2. A legal guardian has been appointed, but the guardian's location is unknown;
3. The student is 18 or older and no legal guardian has been appointed;
4. The student is a legally emancipated minor; or
5. An Illinois public agency has legal guardianship and has placed the child in a residential facility outside of the parent's school district.

Non-Residents

Students who do not qualify as legal residents of the school district under the above criteria will be permitted to enroll only on a tuition-paying basis, with prior written approval of the Superintendent.

Review of Non-Residency Determination

If the Superintendent or other administrator determines that a student who has enrolled in the school is not a legal resident as defined above, the Superintendent shall notify the person who enrolled the student of the student's nonresident status and of the person's right to a hearing before the Board of Education or its appointed hearing

Griggsville-Perry School District #4 Student Handbook 2023-2024

officer in accordance with guidelines adopted by the Superintendent. If the person who enrolled the student requests a review by the Board of Education or by its hearing officer, the decision of the Board shall be final.

During the pending review of the administration's determination of non-residency, the student shall remain enrolled in the School District's educational programs at the request of the person who enrolled the student, subject to continuing obligation to pay tuition to the School District for the non-resident student.

Anyone who knowingly or willfully presents false information to the School District for enrolling a student on a tuition-free basis shall be referred to the State's Attorney Office for prosecution and may be subject to tuition charges dating back to the date of improper enrollment.

Non-Residency Review Hearing Procedures

If the Superintendent or other administrator determines that a student attending the School District educational programs is not a resident of the School District as defined in the District's Student Residency Policy, such Administrator shall send a Notice of Non-Residency to the person who enrolled the student via certified mail. Such notice shall state the amount of tuition due to the School District for attendance in the School District and shall inform the person of his right to seek a hearing with the Board of Education as hearing officer. A written request for such a review hearing must be mailed, certified mail, to the Superintendent within 10 calendar days of receipt of the Notice of Non-Residency.

Within 10 calendar days of receipt of the request for hearing, the Superintendent shall notify the person requesting the hearing, via certified mail, of the date, time and location of the hearing, which must occur not less than 10 calendar days, nor more than 20 calendar days after the notice of hearing, is given. The person who enrolled the student is entitled to representation, at his own expense, at such a hearing. The person who enrolled the student bears the burden of proving that the student is a legal resident of the School District.

If the Board's hearing officer conducts the hearing, the hearing officer shall issue a written report of his findings within five calendar days of the hearing. Such a report shall be mailed, certified mail, to the Board of Education and to the person who enrolled the student. Within five calendar days of receipt of the findings, the person who enrolled the student may file written objections to the finding to the Board of Education. Such objections must be mailed, via certified mail to the Superintendent.

Within 15 calendar days of the hearing, the Board of Education shall determine whether the student is a resident of the School District and the amount of any tuition due. The decision of the Board of Education shall be mailed to the person who enrolled the student. The decision of the Board of Education shall be final.

Radios, C.D. Players, MP3 Players, iPods, TV's, Cameras, Laser Lights, Playing Cards & Trading Cards

Students are not to use radios, CD players, MP3 players, iPods, TV's, cameras, laser lights, playing cards, or trading cards during class time. Video games are not to be brought to school at all. Violation of this policy will result in the equipment being confiscated until the parent/guardian can pick it up.

Recruiters and College Visits

Recruiters for colleges, trade schools, and the military come to our school to see junior and seniors.

Upon their request, military recruiters and institutions of higher learning will be given access to students' names, addresses, and telephone numbers. Parents who do not want their child's name to be released (or students over the age of 18 who do not want their name released) should contact the building principal.

Griggsville-Perry School District #4 Student Handbook 2023-2024

Release Time for Religious Instruction & Observance

A student will be released from school, as an excused absence, to observe a religious holiday or for religious instruction. The student's parent/guardian must give written notice to the building principal at least five calendar days before the student's anticipated absence(s).

Students excused for religious reasons will be given an opportunity to make up for all missed work, including homework and tests, for equivalent academic credit.

Safe School Choice Option

The unsafe school choice option provided in State law permits students to transfer to another school within the District in certain situations. This transfer option is unavailable in this District because the District has only one school or attendance center. A student, who would otherwise have qualified for the choice option, or the student's parent/guardian, may request special accommodations from the building principal.

Safety Drill Procedures

Safety drills will occur at times established by the building administration. Students are required to be silent and shall comply with the directives of school officials during emergency drills. There will be a minimum of three (3) evacuation drills, a minimum of one (1) severe weather (shelter-in-place) drill, a minimum of one (1) law enforcement drill to address an active shooter incident, and a minimum of one (1) bus evacuation drill each school year. There may be other drills at the direction of the administration. A warning to the students will not precede drills.

Schedule Changes

Students need to fill out a schedule change request form, with teacher and counselor approval. No schedule changes will be made after two weeks of class beginning (unless emergency).

Students who wish to add a class after the first two weeks of school, must have teacher, parent, and administrative approval. Seniors cannot drop a required class. Final decisions at discretion of administration.

School Lunch Program

Breakfast is served every day during the first 10-15 minutes of class/instructional time. Lunch is served every day.

Griggsville-Perry School District participates in the Community Eligibility Program. The district provides healthy breakfasts and lunches each school day at no charge to enrolled students. Extra milks must be paid for at a cost of \$0.35 each.

School Visitation Rights

The School Visitation Rights Act permits employed parents/guardians, who are unable to meet with educators because of a work conflict, the right to time off from work under certain conditions to attend necessary school functions such as parent-teacher conferences. Letters verifying participation in the program are available from the school office upon request.

School Volunteers

All school volunteers must complete the "Volunteer Information Form" and be approved by the school principal prior to assisting at the school. Forms are available in the school office. Some teachers utilize parent volunteers in the classroom. The individual teachers make this decision. Teachers who desire parent volunteers will notify parents. For school-wide volunteer opportunities, please contact the building principal.

Volunteers are required to check in and out at the main office and receive a visitor badge before going to their destination.

Griggsville-Perry School District #4 Student Handbook 2023-2024

Search and Seizure

In order to maintain order safety and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. "School authorities" includes school liaison police officers.

School Property and Equipment as well as Personal Effects Left There by Students

School authorities may inspect and search school property and equipment owned or controlled by the school (such as lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

The building principal may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

Students

School authorities may search a student and/or the student's personal effects in the student's possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the school or district's student rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student's age and sex, and the nature of the infraction.

School officials may require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates the school's disciplinary rules or school district policy. In the course of the investigation, the student may be required to share the content that is reported in order for the school to make a factual determination.

Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the school or district's policies or rules, evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, evidence may be transferred to law enforcement authorities.

Sex Discrimination

No student shall be refused admission into or be excluded from any course of instruction offered in the schools because of that person's sex. No student shall, solely because of that person's sex, be denied equal access to physical education and inter-scholastic athletic programs or comparable programs supported from school district funds. Comparable programs will be defined in guidelines promulgated by the State Board of Education in consultation with the Illinois High School Association.

Sex Education Instruction

For your information, State law requires that all sex education instruction be developmentally and age appropriate, evidence-based, medically accurate and complete. Courses that discuss sexual intercourse place substantial emphasis on both abstinence and contraception for the prevention of pregnancy and sexually transmitted diseases. Courses will emphasize that abstinence is a responsible and positive decision and the only 100% effective method in the prevention of pregnancy and sexually transmitted diseases, including HIV/AIDS. Family life courses are designed to promote a wholesome and comprehensive understanding of the emotional, psychological, physiological, hygienic and social responsibility aspects of family life, and for grades 6 through 12, the prevention of AIDS.

Request to Examine Instructional Material

Griggsville-Perry School District #4 Student Handbook 2023-2024

If you are requesting to examine this material, please complete the following statement and return it to your child's classroom teacher within 5 days.
I request to examine the instructional materials and course outline for this class.

There is no penalty for refusing to take or participate in such a course or program. If you do not want your child to participate in these classes or courses, please complete the following **class attendance waiver** statement and return it to your child's classroom teacher within 5 school days.

I request that the District waive the class attendance of my child in a class or courses on:

Sign-out Procedures

Students, who have medical/dental appointments, must bring their note to the office before the first period begins. The principal's secretary will give the student an "early dismissal slip" which will let the teacher know what time the student is to be released. The student should then turn the signed form into the office and sign out prior to leaving school. Parents must pick up students from the office. Students will not be allowed to wait on the front steps. Students are to sign back in upon returning to school. Failure to sign out will result in a discipline referral. Any student signing out for an appointment must bring a slip from the doctor or health professional for the absence to be excused. If a parent/guardian is not accompanying the student, the parent/guardian must have contacted the school the morning of the appointment.

No student, without written or verbal consent of the parent/guardian, shall be permitted to leave the school premises during the day. In all cases, students must receive permission from authorized school personnel, before they may leave school. Failure to do so will result in an office referral. In cases of illness or emergency, the principal will weigh each matter individually. Students are to sign out when they have permission to do so.

Parents/Guardians are encouraged to cooperate in preparing students for the standardized testing, because the quality of the education the school can provide is partially dependent upon the school's ability to continue to prove its success in the state's standardized tests. Student Conduct/Discipline

Students attending Griggsville-Perry Schools are expected to reflect the standards of good citizenship by conducting themselves properly at all times. School and classroom rules have been established to provide all students with an atmosphere in which they can be successful in reaching their academic potential. Behavior, which creates a hostile environment that interferes with school learning, shall be cause for disciplinary action.

Education and discipline are best accomplished when there is cooperation between home and school. The following statements will serve as guidelines for students, parents, teachers, and administrators to provide an appropriate educational atmosphere. It is impossible to identify in this section of the student guidelines every type of infraction of rules and/or misconduct. Therefore, the type of and/or length of disciplinary action will be left to the administrator dealing directly with the breach of conduct. Teachers are responsible directly for the enforcement of rules in their classroom and administering a fitting punishment at that level, such as a referral to the office. Teachers and administrators shall also assume the responsibility for the enforcement of the rules elsewhere on school property or school related activities at home or out of town. Misbehavior at any school function may result in immediate removal from school premises. Subsequent misbehavior at such events may result in the student losing the privilege of attending future events.

Violations in the conduct rules may result in the following types of measures: verbal warning, written warning, and detention, out of school suspension, which may range from one to 10 days, natural consequence of action, isolated instruction, and/or recommendation of expulsion from school or remainder of current term. All expulsions must be the action of the local Board of Education. Only the authority of the Board of Education may reinstate a student who is expelled. All but expulsions may be adjusted at the discretion of the administration.

Students are expected to conduct themselves in a manner that reflects respect for each other, for their teachers, staff members, and school facilities. Students may be disciplined for misconduct, which occurs on school buses, in school buildings or on school grounds at any time, on the way to and from school, at bus stops, at school-sponsored activities whether or not held on the grounds of the school district or while being transported to, and from school sponsored activities or events. Students may also be disciplined when the misconduct is directed against school employees, their families, or their property because of their status as employees.

The Board of Education has given the Principal or the Principal's designee the authority to take the proper and necessary action to discipline students engaged in inappropriate activity. Inappropriate activity is defined as any conduct, behavior, or activity that causes or may cause the administration to forecast substantial injury or disruption or interference with school activities or the rights of other students or school personnel.

The prohibition in this section does not apply to a student's use of asthma or other legally prescribed inhalant medications.
- f. "Look-alike" or counterfeit drugs, including a substance that is not prohibited by this policy, but one: (a) that a student believes to be, or represents to be, an illegal drug, controlled substance, or other substance that is prohibited by this policy; or (b) about which a student engaged in behavior that would lead a reasonable person to believe that the student expressly or impliedly represented to be an illegal drug, controlled substance or other substance that is prohibited by this policy.

18. Making an explicit threat on an Internet website against a school employee, a student, or any school-related personnel if the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of his or her duties or employment status or status as a student inside the school.
19. Operating an unarmed aircraft system (AUS) or drone for any purpose on school grounds or at any school event unless granted permission by the building principal.

The grounds for disciplinary action also apply whenever the student's conduct is reasonably related to school or school activities, including but not limited to:

1. On, or within sight of, school grounds before, during, or after school hours or at any time;

Griggsville-Perry School District #4 Student Handbook 2023-2024

Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.
5. During periods of remote learning.

Disciplinary Measures

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out of school voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following measures:

1. Notifying parents/guardians.
2. Disciplinary conference.
3. Withholding of privileges.
4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen, or damaged property.
6. In-school suspension.

8. Community service.
9. Seizure of contraband; confiscation and temporary retention of the personal property that was used to violate school rules.
10. Suspension of bus riding privileges.
11. Suspension from school and all school activities for up to 10 days. A suspended student is prohibited from being on school grounds.
12. Expulsion from school and all school activities for a definite time not to exceed 2 calendar years. An expelled student is prohibited from being on school grounds.
13. Transfer to an alternative program if the student is expelled or otherwise qualifies for transfer under State law.
14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, such as, illegal drugs (controlled substances), "look-alikes", alcohol, or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension or expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

Isolated Time Out, Time Out and Physical Restraint

Isolated time out, time out, and physical restraint shall only be used if the student's behavior presents an imminent danger of serious physical harm to the student or others and other less restrictive and intrusive measures were tried

Griggsville-Perry School District #4 Student Handbook 2023-2024

and proven ineffective in stopping it. The school may not use isolated time out, time out, and physical restraint as discipline or punishment, convenience for staff, retaliation, a substitute for appropriate educational or behavioral support, a routine safety matter, or to prevent property damage in the absence of imminent danger of serious physical harm to the student or others. The use of prone restraint is prohibited.

Corporal Punishment

Corporal punishment is illegal and will not be used. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

Weapons Prohibition

(2) A knife, brass knuckles or other knuckle weapon regardless of its composition, a Billy club, or any other object if used or attempted to be used to cause bodily harm, including "look alike" of any firearm as defined above.

The superintendent may modify the expulsion requirement, and the board on a case-by-case basis may modify the superintendent's determination.

Gang & Gang Activity Prohibited

"Gang" is defined as any group, club, or organization of two or more persons whose purposes include the commission of illegal acts. No student on or about school property or at any school activity or whenever the student's conduct is reasonably related to a school activity, shall: (1) wear, possess, use, distribute, display, or sell any clothing, jewelry, paraphernalia or other items which reasonably could be regarded as gang symbols; commit any act or omission, or use either verbal or non-verbal gestures, or handshakes showing membership or affiliation in a gang; or (2) use any speech or commit any act or omission in furtherance of the interest of any gang or gang activity, including, but not limited to, soliciting others for membership in any gangs; (3) request any person to pay protection or otherwise intimidate, harass or threaten any person; (4) commit any other illegal act or other violation of district policies, (5) or incite other students to act with physical violence upon any other person.

Re-Engagement of Returning Students

The goal of this meeting shall be to support the student's ability to be successful in school following a period of exclusion and shall include an opportunity for students who have been suspended to complete or make-up missed work for equivalent academic credit.

All surveys requesting personal information from students, as well as any other instrument used to collect personal information from students, must advance or relate to the District's educational objectives, or assist students' career choices. This applies to all surveys, regardless of whether the student answering the questions can be identified or who created the survey.

Surveys by Third Parties

The student's parent/guardian may (1) inspect the survey or evaluation upon, and within a reasonable time of, their request, and/or (2) refuse to allow their child to participate in the survey. The school will not penalize any student whose parent/guardian exercised this option.

Instructional Material

A student's parent/guardian may inspect, upon their request, any instructional material used as part of their child's educational curriculum within a reasonable amount of time of their request.

The term "instructional material" means instructional content that is provided to a student, regardless of its format, printed or representational materials, audio-visual materials, and materials in electronic or digital formats (such as materials accessible through the Internet). The term does not include academic tests or academic assessments.

6. Student recognition programs.

Under no circumstances may a school official or staff member provide a student's personal information to a business organization or financial institution that issues credit or debit cards.

A parent/guardian who desires to opt their child out of participation in activities provided herein or who desires a copy or access to a survey or any other material described herein may contact the Building Principal.

A complete copy of the District's Student and Family Privacy Rights policy may be obtained from the Superintendent's office or accessed on the District's website.

Student Records

A school student record is any writing or other recorded information concerning a student and by which a student may be identified individually that is maintained by a school or at its direction or by a school employee, regardless of how or where the information is stored, except for certain records kept in a staff member's sole possession; records maintained by law enforcement officers working in the school; video and other electronic recordings (including electronic recordings made on school busses) that are created in part for law enforcement, security, or safety reasons or purposes, though such electronic recordings may become a student record if the content is used for disciplinary or special education purposes regarding a particular student.

The Family Educational Rights and Privacy Act (FERPA) and the Illinois Student Records Act afford parents/guardians and students over 18 years of age ("eligible students") certain rights with respect to the student's school records. They are:

1. **The right to inspect and copy the student's education records within 10 business days of the day the District receives a request for access.**
The degree of access a student has to his or her records depends on the student's age. Students less than 18 years of age have the right to inspect and copy only their permanent record. Students 18 years of age or older have access and copy rights to both permanent and temporary records. A parent/guardian or student should submit to the building principal a written request that identifies the record(s) he or she wishes to inspect. Within 10 business days, the building principal will make arrangements for access and notify the parent/guardian or student of the time and place where the records may be inspected. In certain circumstances, the District may request an additional 5 business days in which to grant access. The District charges \$.35 per page for copying but no one will be denied their right to copies of their records for inability to pay this cost. These rights are denied to any person against whom an order of protection has been entered concerning the student.
2. **The right to have one or more scores received on college entrance examinations included on the student's academic transcript.¹**

Griggsville-Perry School District #4 Student Handbook 2023-2024

Parents/guardians or eligible students may have one or more scores on college entrance examinations included on the student's academic transcript. The District will include scores on college entrance examinations upon the written request of the parent/guardian or eligible student stating the name of each college entrance examination that is the subject of the request and the dates of the scores that are to be included.

3. **The right to request the amendment of the student's education records that the parent/guardian or eligible student believes are inaccurate, irrelevant, or improper.**

A parent/guardian or eligible student may ask the District to amend a record that is believed to be inaccurate, irrelevant, or improper. Requests should be sent to the building principal and should clearly identify the record the parent/guardian or eligible student wants changed and the specific reason a change is being sought. If the District decides not to amend the record, the District will notify the parent/guardian or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.

4. **The right to permit disclosure of personally identifiable information contained in the student's education records, except to the extent that the FERPA or Illinois School Student Records Act authorizes disclosure without consent.**

Disclosure without consent is permitted to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or any parent/guardian or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the District discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or federal law. Before information is released to these individuals, the parents/guardians or eligible student will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records. Temporary records that may be of assistance to a student with a disability who graduates or permanently withdraws, may, after 5 years, be transferred to the parent/guardian or to the student, if the student has succeeded to the rights of the parent/guardian. Student temporary records are reviewed every 4 years or upon a student's change in attendance centers, whichever occurs first.

Student Rights and Responsibilities

Students, as citizens of the United States, are guaranteed certain individual rights as well as individual responsibilities. Parents, teachers, and administrators have a responsibility to protect the rights of the students while at school. Some responsibilities that are required of students while at school are:

1. To become aware of the school rules and policies and follow them.
2. To respect the rights and individuality of other students, teachers, and school administrators.
3. To refrain from obscenity in verbal and written expression.
4. To dress and groom in a manner that meets reasonable standards of health, cleanliness, and safety.
5. To be punctual and present in the regular or assigned school programs and do your best.
6. To refrain from gross disobedience, misconduct, or behavior that materially or substantially disrupts the educational process.
7. To maintain the best level possible of academic achievement.

8. To respect the reasonable exercise of authority by school administrators and teachers in maintaining discipline in the school and/or school sponsored activities.

Students with Food Allergies

State law requires our school district to annually inform parents of students with life-threatening allergies or life-threatening chronic illnesses of the applicable provisions of Section 504 of the Rehabilitation Act of 1973 and other applicable federal statutes, state statutes, federal regulations, and state rules.

If your student has a life-threatening allergy or life-threatening chronic illness, please notify the school nurse at (217) 833-2352.

Federal law protects students from discrimination due to a disability that substantially limits a major life activity. If your student has a qualifying disability, an individualized Section 504 Plan will be developed and implemented to provide the needed support so that your student can access his or her education as effectively as students without disabilities.

Not all students with life-threatening allergies and life-threatening chronic illnesses may be eligible under Section 504. Our school district also may be able to appropriately meet a student's needs through other means.

Suicide and Depression Awareness and Prevention

Youth suicide affects the safety of the school environment. It also affects the school community, diminishing the ability of surviving students to learn and the school's ability to educate. Suicide and depression awareness and prevention are important goals of the school district.

The school district maintains student and parent resources on suicide and depression awareness and prevention. Much of this information, including a copy of the school district's policy, is posted on the school district website. Information can also be obtained from the school office.

Suspensions and Expulsions

Suspension is defined to mean exclusion of a student from school or from riding the bus for a period not to exceed, at any one occurrence, 10 days by summary action of the superintendent or building administrator. Expulsion is defined to mean exclusion of a student from school or from riding the bus for a period, not longer than 2 years, by the Board of Education. Expulsion may be preceded by suspension.

Out of School Suspension

- a. Except as set forth in paragraph B below, the following due process procedures will be followed prior to suspension. The suspending school official will give the student an informal hearing to advise the student of the charges and the disciplinary charges being considered. The student will have an opportunity to respond to the charges with the suspending school official. The suspending school official will then make a decision and inform the student.
- b. Students whose presence pose a danger to person or property and/or disrupt the academic process may be immediately removed from school. In such cases, the requirements of notice and hearing as set forth in paragraph A will follow as soon as possible.
- c. Suspensions will be reported immediately to the parent/guardian by certified mail. The letter will include the date and time of the hearing, reasons for the suspension, and notice of the parent's right to review.
- d. A copy of the suspension notice will be sent to the Board of Education via the Superintendent.
- e. A request by the parents for a review hearing must be submitted in writing within 10 days of receipt of the suspension notice. The review hearing will take place within 10 school days of the receipt of the request or on a date mutually acceptable to all parties.

Griggsville-Perry School District #4 Student Handbook 2023-2024

- f. Students who are suspended from school will be required to complete all assignments missed during that period to stay current with the class. Students will receive 50% credit for the assignment(s).
- g. Students who are in out-of-school suspension will not be allowed to participate in or attend any after-school events. If you are assigned out-of-school suspension on Friday, you will not be able to participate in extracurricular events over the weekend. Students must return to regular classes to be eligible.
- h. Students with two or more unexcused absences (excluding suspensions) or students suspended more than once will not be permitted to attend any field trips or extracurricular events. This includes all extracurricular events and sports: homecoming, prom, senior trip, 8th grade trip, art club trip, band trip, basketball, baseball, softball, cheerleading, and other events not mentioned.

Expulsion

When gross disobedience or misconduct results in expulsion, the student will be excluded from school prior to the expulsion hearing with the procedure as follows.

The Board of Education may expel a student for gross disobedience or misconduct. Such expulsion will take place only after a review hearing has been held by the Board of Education, the Board appointed hearing officer has submitted findings, and the Board has taken action.

The student and parent/guardian of the student will be notified by certified mail at least 5 days prior to the date of the hearing of the following: statement of the incident or incidents, date, time and place of the hearing (mutually convenient to all parties), and a copy of the review hearing procedures as set forth below.

Expulsion Review Hearing Procedures

The hearing will be held in closed session at the request of the parent/guardian or school administration.

The student will be afforded the following:

- The right to be represented by counsel (at the expense of the student or parent).
- The right to present evidence and call witnesses.
- The right to cross-examine opposing witnesses.

A written decision will be issued to the student and parent/guardian within 10 days of the review hearing conducted by the Board of Education, including a statement of facts and the basis for the decision.

If the Board of Education finds that the action was unjustified or unreasonable (suspension or expulsion), the following procedures will be followed:

- The student's record will be expunged of all notations or remarks concerning the suspension/expulsion.
- The student's absence(s) will be recorded as "excused".
- All educational opportunities and/or services missed by the student will be afforded.
- Tutoring will be provided for the number of days suspended, if requested or deemed necessary.

Teacher Qualifications

Parents/guardians may request information about the qualifications of their student's teachers and paraprofessionals, including:

- Whether the teacher has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
- Whether the teacher is teaching under an emergency or other provisional status through which State qualification and licensing criteria have been waived;
- Whether the teacher is teaching in a field of discipline of the teacher's certification;
- Whether any instructional aides or paraprofessionals provide services to your student and, if so, their qualifications.

If you would like to receive any of this information, please contact the school office.

Telephone Usage

The school office phone is for emergency calls only.

Theft

Any student found directly involved in the theft of property belonging to the school district, student or employee of the school district, will be subject to an office referral and consequences that the principal deems inappropriate. In addition, if the amount of the theft exceeds \$50.00, the matter will be turned over to the police department.

Title I – Developmental Reading and Math

A yearly federal grant is written for Title I. The students served are outlined in this grant. The program is written for reading, math, and language arts instruction to help students who need a little extra help. Students are placed into the program based on IAR scores, teacher recommendations, AIMSWEB benchmarking scores, and/or other criteria. Computers and supplementary materials are used for some instruction. The program is correlated with classroom instruction. Students receiving services may be monitored using AIMSWEB, which is a system designed to assess student progress on a frequent, on-going basis. Grades may be given to students. A parent advisory council (PAC) is made up of the teacher and parents of children in the program. The PAC meets one or more times a year and helps make suggestions for the program.

Treats and Snacks (K-8)

Due to health concerns and scheduling, treats and snacks for any occasion must be arranged in advance with the classroom teacher. All treats and snacks must be store bought and prepackaged in individual servings. No homemade treats or snacks are allowed at school.

Treats and snacks must not require refrigeration and must have a clearly printed list of ingredients on the packaging. We strongly encourage you to select a treat or snack with nutritional value.

Truancy

State law requires every school district to collect and review its chronic absence data and determine what systems of support and resources are needed to engage chronically absent students and their families to encourage the habit of daily attendance and promote success. This review must include an analysis of chronic absence data from each attendance center.

Furthermore, State law provides that school districts are encouraged to provide a system of support to students who are at risk of reaching or exceeding chronic absence levels with strategies and are also encouraged to make resources available to families such as those available through the State Board of Education's Family Engagement Framework to support and engage students and their families to encourage heightened school engagement and improved daily school attendance.

"Chronic absence" means absences that total 10% or more of school days of the most recent academic school year, including absences with and without valid cause, and out-of-school suspensions.

The School and District use the following diagnostic procedures for identifying the causes of unexcused student absences: Interviews with the student, his or her parent/guardian and any school officials who may have information about the reasons for the student's attendance problems.³

Supportive services to truant or chronically truant students include: parent conferences, student counseling, family counseling, and information about existing community services.

If chronic truancy persists after support services and other resources are made available, the school and district will take further action, including:

- Referral to the truancy officer
- Reporting to officials under the Juvenile Court Act

Griggsville-Perry School District #4 Student Handbook 2023-2024

- Referral to the State's Attorney
- Appropriate school discipline

A student who misses 15 consecutive days of school without valid cause and who cannot be located or, after exhausting all available support services, cannot be compelled to return to school is subject to an expulsion from school.

A parent or guardian who knowingly and willfully permits a child to be truant is in violation of State law.

Unsafe School – Transfer

If a student is a victim of a violent crime that occurred on school grounds during regular school hours or during a school-sponsored event, the parent/guardian may request a transfer to another public school within the district.

Vandalism

The cooperation of the entire student body is required to keep the school and its equipment in the best of condition. Thoughtless or intentional damaging of school property will result in the student being held responsible for the replacement cost and/or repair and will be referred to the principal.

Video and Audio Monitoring System

A video and/or audio monitoring system may be in use on school busses and a video monitoring system may be in use in public areas of the school building. These systems have been put in place to protect students, staff, visitors, and school property. If a discipline problem is captured on audiotape or videotape, these recordings may be used as the basis for imposing student discipline. If criminal actions are recorded, a copy of the tape may be provided to law enforcement personnel.

Violent Offender Community Notification

State law requires that all school districts provide parents/guardians with information about sex offenders and violent offenders against youth.

You may find the Illinois Sex Offender Registry on the Illinois State Police website at <http://www.isp.state.il.us/sor/>.

You may find the Illinois Statewide Child Murderer and Violent Offender against Youth Registry on the Illinois Police's website at: <http://www.isp.state.il.us/cmvo/>.
